

Speaking

Time: 12 minutes

Карточка участника

You and your friend are going to take a gap year after school. Both of you think it's a great idea. Now you need a plan! Choose the activities, which can suit both of you. Give your opinion about any three of them and decide which one is the most helpful to achieve success in your future career or studies. Try to reach an agreement with your partner.

Remember:

- you have to be active and polite;
- come up with your ideas;
- take turns to speak.

You have 2 minutes to think about before you begin to speak. Your answer will be recorded.
