**7-8 классы**

## Speaking

**Student 1**

### Task 1

**Preparation time – 15 minutes**

(Monologue; Time: 2-3 minutes)

**“Save the World together!”**

Imagine you are at the meeting of your English School Club. The meeting is devoted to ecological problems. Your task is to make a presentation about environmental problems.

You should say about:

- 1) types of pollution (air pollution, water pollution);
- 2) causes of pollution;
- 3) effect of pollution on the environment and people's health
- 4) what solutions can be provided to the problem and suggest some more measures to solve it.

*- Make your presentation, commenting on 4 aspects mentioned above.*

*- Remember to make an introduction and conclusion.*

*- You are not allowed to read the notes made during the preparation time.*

**Then answer 2 QUESTIONS of your partner.**

### Task 2

*(Dialogue; Time: 2 minutes)*

**Listen to the presentation of your partner, ask your partner 2 QUESTIONS to get ADDITIONAL INFORMATION not mentioned in the presentation.**

**Your answer will be recorded.**

# AIR POLLUTION – THE SILENT KILLER

Considering the adverse effect of air pollution, it is necessary to take some steps to reduce its effects:

Air Pollution  
**World's Largest Killer**  
responsible for thousands of deaths worldwide every year.

Stroke

Heart disease

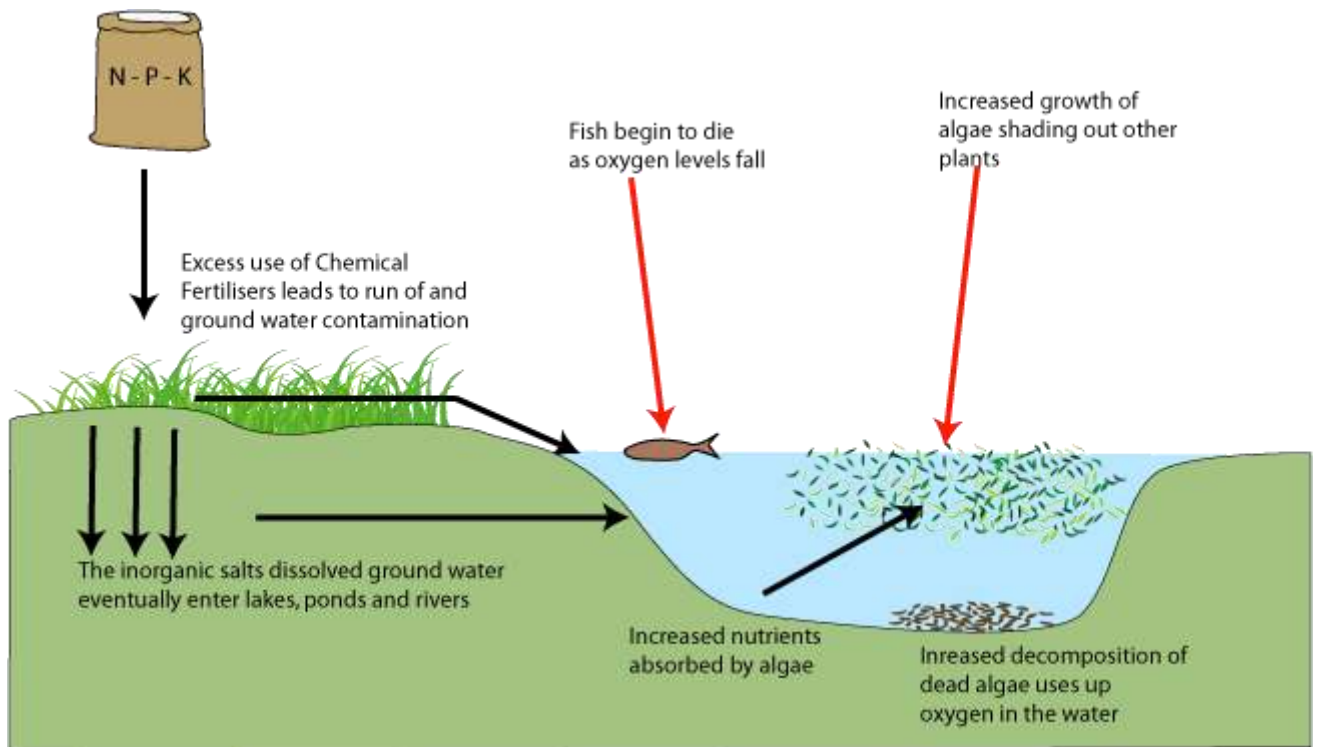

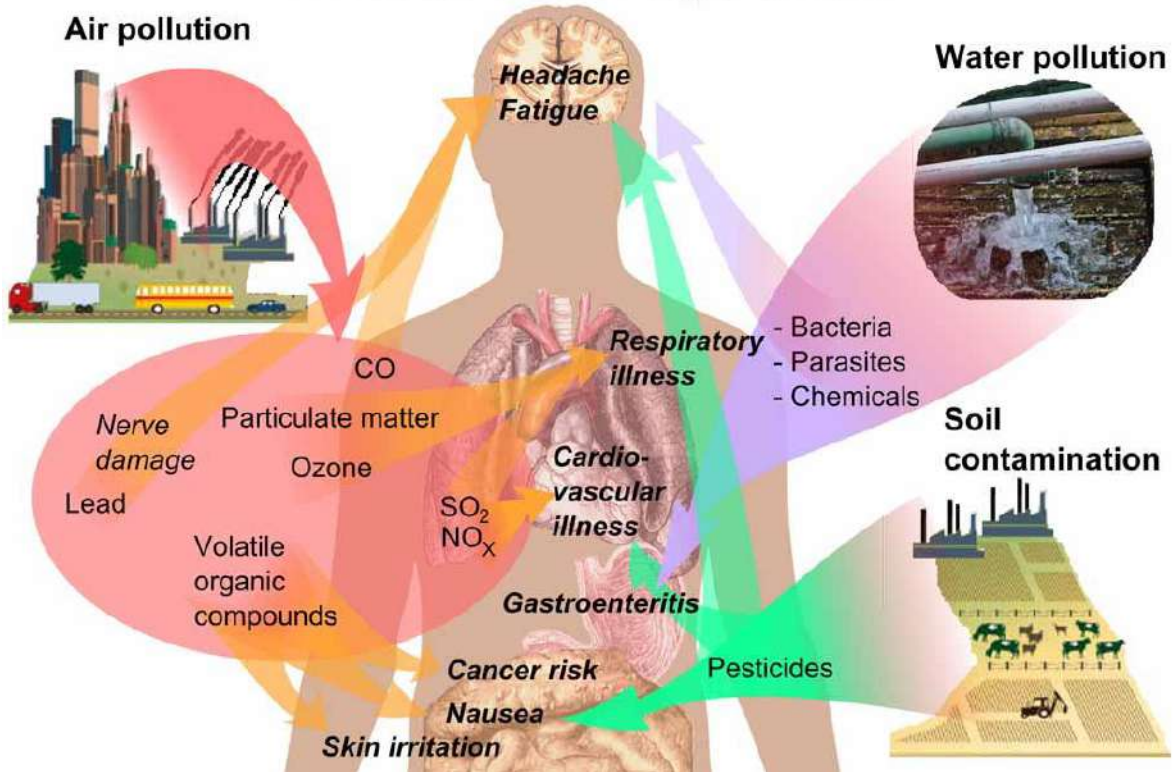

Lung Cancer and Both chronic & acute Respiratory diseases Including asthma
