

SPEAKING

You would like to write an article for a popular youth website. You have prepared three pictures for the article (see below). Explain what your article is going to be about and how these pictures can be useful. The pictures can be mentioned in any order.

Remember to

- Clearly state the topic of the article or suggest a title
- Explain why this topic is important or interesting to write about (2–3 arguments)
- Speak about the main ideas you would like to express in the article (3 or more)
- Briefly describe each picture and explain how each picture will help you to express the main ideas of the article

You now have 3 minutes to prepare. You will then have to speak continuously for 4-5 minutes.
