You are going to organise a student photography exhibition. The photographs below reflect the theme of the exhibition. Explain what the exhibition is going to be about and how these photographs can help express its key ideas. The photographs can be mentioned in any order.

Remember to:

- clearly state the theme of the photo exhibition or suggest a name;
- explain why this theme is important or interesting for teen photographers (2–3 arguments);
- speak about the main ideas you would like to express through the exhibition (3 or more);
- briefly describe each photograph and explain how each one will help you express the main ideas of the exhibition.

You now have 3 minutes to prepare. You will then have to speak continuously for 4–5 minutes.
