

Speaking

Preparation time: 4 min.

Time: 5 min.

Talk about the following question on your own.
Use the ideas given if you wish.

Is the world standing at the edge of ecological catastrophe?

You may choose to discuss:

- 1) ecological problems the world has today,
- 2) ways to solve these problems,
- 3) ecological education at school,
- 4) individual responsibility for ecological situation, etc.

Remember:

- to make an introduction posing the problem,
- to enumerate ecological problems, giving your examples,
- to enumerate ways to solve these problems, giving your arguments and examples,
- to give your personal point of view.
