Each individual culture has its own identity and heritage. However, in many parts of the world these cultures are being lost. Globalisation – the process of different cultures around the world becoming connected and similar to each other – impacts on society by replacing local tradition with a worldwide culture. **Speak about some pros and cons of globalisation and the importance of preserving local cultures.**

Follow this plan.

- What are some positives and negatives (2–3) of globalisation?
- Do you like the idea of a global culture? Why? / Why not? (2–3 arguments)
- Do you think that the local cultures, languages, and traditions of your region should be maintained?
- Speak about your favourite local tradition (craft, celebration, etc.) that has been preserved where you live.

Do not forget to include an opening and closing comment.

Speak for **3 minutes** continuously about the pros and cons of globalisation and the importance of preserving local cultures.

**YOUR MONOLOGUE WILL BE RECORDED**
