

Part 5. Speaking

3 minutes (pair-work)

Situation:

You and your classmate are going to do a project “The coolest inventions I’ve seen”.

Your classmate and you have chosen the **TOP FIVE** inventions.

Discuss the importance of the inventions on the list, give your reasons and explain your choices. **Decide which invention is of the highest importance for you and try to persuade your partner.**

In the end you have **to agree**.

Remember:

- **you have to be active and polite**
- **come up with your ideas**
- **take turns to speak**

The TOP FIVE inventions

- wheel;
- paper;
- electricity;
- vaccination;
- AI (artificial intelligence)
